DETAILED ACTION

Allowable Subject Matter

Claims 4 – 33 are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding claim 4, the cited prior art neither teach nor fairly suggest a gas-fed incubator with a work space comprising: an inner container; a heat-insulating outer housing that surrounds the inner container; a humidifier with at least one controllable heating element for an atmosphere of the inner container in the form of a pan holding a water bath, positioned in the floor area of the inner container; and a door with temperature control that is configured to close the inner container; a door switch positioned with the gas-fed incubator such that it detects the opening of the door; and a control device electrically connected to the door switch, wherein the control device is configured to control a power supply for the at least one controllable heating element, and wherein the control device is configured to increase a duration of heat radiating from the controllable heating element based on a time period that the door is open and a time period between at least the last two door openings, to rapidly increase the humidity.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
